PART III – FIREBLIGHT BUFFER ZONE STATUS

8. Do you wish to apply for Buffer Zone status? Yes Please go to question 9
(see PHAR 3A for Explanatory Notes)
No Please go to question 11

9. Please provide either the IACS No: **or** Grid reference/GPS reading

10. Each year we produce a list of producers with fireblight buffer zone status, which we make available to the public on request. Please tick this box if you are a 'sole trader' (a person who trades by himself/herself without the use of a company structure or partners and bears alone full responsibility for the actions of the business) and you **do not want** your name and address to appear in this list.....

PART IV – FORWARD GROWING PLAN

Tick ONE box only

11. Please: **EITHER** attach a plan showing the details requested at (a) and (b) below
OR enter details in the box below
OR make available to Fera Plant Health and Seeds Inspector during site visit

- (a) Show the growing area, marking, as far as possible, where the different genera and varieties of plants will be grown. In the case of **field crops** this information must be drawn onto a copy of a scale map to enable the Inspector to identify and inspect your crops.
- (b) On **nurseries** growing a wide range of genera it may not be possible to provide a detailed plan for the whole year, but you should provide as much information as possible. If a quarantine pest is discovered during the year on your nursery, Fera Plant Health and Seeds Inspectors are more likely to be able to limit the scope of restrictions imposed if they have detailed information on the distribution of varieties and stocks between plots or glasshouses.

Please note: Further information on protected zones and other plant passport information is contained in the 'Plant Health Guide to Plant Passporting and Marketing Requirements' available from your local Fera Plant Health and Seeds Inspector. It can also be viewed on the Fera website at: www.defra.gov.uk/fera/plants/publications/plantHealth/documents/pass.pdf

PART V – DECLARATION

- I declare that the information given in this form is correct.
- I understand that authorisation to issue plant passports will impose certain obligations in England under the Plant Health (England) Order 2005 (as amended) and the Plant Health (*Phytophthora ramorum*) (England) Order 2004 and, in Wales, under the Plant Health (Wales) Order 2006 and the Plant Health (*Phytophthora ramorum*) (Wales) Order 2006, and that certain official inspections made in order to confirm those obligations are met will be charged for under the Plant Passport (Plant Health Fees) (England and Wales) (Amendment) Regulations 1997 / the Plant Health (Plant Passport Fees) (England) Regulations 2007 as appropriate.
- Invoices in connection with this application should be sent to me and I understand that I will be liable to pay the sums due.
